

Concierge Dining Recommendations

SANTÉ – Santé Restaurant is the Inn's premier dining room and has earned a national reputation for its outstanding food. Recipient of a prestigious Michelin rating as well as the AAA Four Diamond Award, Santé is the only restaurant in the Sonoma Valley to receive these accolades. Condé Nast Traveler said 'it's worth a special trip just to eat here' and Gourmet Magazine calls the food 'the best of the new Wine Country style.' Only the freshest local produce, meats, poultry and seafood are used to create elegantly simple dishes that let the natural flavors of the food speak for themselves.
